

North Carolina Radon Smartphone Application

Visit www.ncradon.org to obtain your test kit.

The map in the app:

- Finds your zip code area
- Tells you how many radon tests have occurred in your area
- Shows the levels in your neighborhood; and
- Finds a radon expert near you.

What is Radon?

Radon is an invisible natural radioactive gas that causes lung cancer. It has no smell and no taste. It is all around us at low levels but, if a high concentration is in your home and you are breathing it for years, you may get lung cancer.

Prevent Lung Cancer

TEST
1

FIX
2

BREATHE
3

The NC Radon Program and the US EPA recommend that every home be tested in order to know that home's radon level.
